Overview of Construction Specialties

Construction Specialties, Inc. (C/S) (<http://www.c-sgroup.com/>) is a manufacturer of architectural products founded in 1948 in Newark, NJ. C/S originally manufactured architectural louvers, but now manufactures 10 product lines, including interior finishes (wall protection & wall panels), entrance flooring systems, thermal & seismic expansion joint cover systems, architectural louvers, sun controls, grilles, specialty smoke and explosion venting, Acrovyn® door systems and hospital cubicle curtain and track. C/S has over 22 offices worldwide and manufacturing sites in 9 countries (primary manufacturing site is right here in Central Pennsylvania).

Construction Specialties' markets include commercial building such as hospitals, schools, airports, stadiums, shopping malls, office buildings, museums, and skyscrapers. C/S services new construction and major renovations as well as existing facilities. Our customers are architects, designers, contractors, building owners, facilities managers and building users.
